MERRY CHRISTMAS

'round town

with Betty Allen...

Due to the Christmas and New Year holidays, The Campbell Press will be published on Friday instead of Thursday for the two following weeks.

There's a delightful Christmassy feeling in the old-fashioned music box tunes emanating from the Taste Good Bakery these days.

★ ★ ★

Rumor has it that Paul Becker will return home soon, possibly before the first of the year. It's good news for his wife, Vivian, the Campbell Elementary school where he was vice-principal, the Kiwanis club, and the Footlighters who consider him one of their most valued members.

★ ★ ★

Santa Claus made a surprise visit to the Congregational Sunday School party last Saturday afternoon and it must have been a most convincing one for a very small friend told us that he drove away in a sleigh with the reindeers prancing.

★ ★ ★

It sems that Dr. Gabe Long's brand new gas heater was stolen from his brand new offices. Not a very pleasant reception for the new doctor!

★ ★ ★

It was the consensus of opinion among a large group of people (at least the ones I talked to) that the Campbell High Choir ranked right at the top of the 12th Annual A Cappella Choir Festival in San Jose's Civic Auditorium last Thursday evening. Seen enjoying the timeless Christmas music were the Lloyd Seligs, Martin Walshes, Harry Cousins, J. V. Gomeses, Dave Saunders, Mrs. E. G. Fahler and her daughter, the Bill Weeks, Rex Fullers, Mrs. M. Ban, the J. W. Knowles, Mr. and Mrs. David Rutherford and Mrs. Nellie Rutherford.

★ ★ ★

By actual count there were at least 100 lined up waiting for Field's Store to open last Saturday morning induced by the promise of butter. Food shortages, due to strikes, are plaguing both the grocer and the housewife who expected things to be different once the war was won.

★ ★ ★

Have been hearing about the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., from Campbell's musically-inclined Methodist minister. He has been a member for many years and his picture is in a recent copy of "The Harmonizer", the quarterly magazine published by the society for its thousands of members. During his stay in Reno he sang tenor in the Hardrock Harmony Four, Reno chapter's well known quartet, and last summer assisted with the charter presentation ceremonies for a new chapter in San Francisco. The Hard-Rock quartet made quite a name for themselves in Reno entertaining at luncheon clubs and other community gatherings. Mr. Osborne guarantees that it's a lot of fun and hopes that some of the singers in this vicinity will be interested in starting a chapter here. He says returning servicemen are particularly interesterd since they desire the company of other men. (That isn't the way I heard it!)

Baby Daughter Arrives

The Rev. and Mrs. L. J. Osborne are being felicitated on the arrival last Saturday evening at Stanford Lane Hospital in San Francisco of a baby daughter who has been named Mary Margaret. The new baby has two older brothers and her grandparents are Mrs. A. L. Larsen, Neenah, Wisconsin, and Mr. and Mrs. T. E. Osborne, Franklin, Pa. Mrs. Osborne and the baby will be back in Campbell in time to celebrate Christmas at home.

Mrs. Bean Leaves

Mrs. E. F. Bean of Madison, Wis., who has been the guest of her sister and brother-in-law, the M. E. Purmorts for the past two weeks, has left for her home, hoping to be there in time to welcome her son for Christmas. He was a prisoner of war in Germany for two years and this will be his first Christmas at home since 1938.

School Rooms To Be Ready

The new addition to the Campbell Elementary school will be finished in time for students to occupy it on their return from the Christmas holidays. The unit contains 6 large-sized classrooms, 2 washrooms, a store-room and a furnace room.

Each classroom is in keeping with the exterior of the building which has a modern, open appearance. One entire wall of each room is glass, which, combined with the light greenish-yellow wall paint, makes a most airy and sunny interior. The ceilings and upper walls are made of acoustic tile and the floors of asphalt tiles.

A combined screen and bulletin board closes off the shelves and cupboards for wraps and lunches and each room contains a sink.

One of the most interesting features of the new building is the heating system composed of hot water coils heated by gas which are run through the floor. A picture taken at the time the coils were laid shows how they cover thoroughly the entire floor with four coils to a classroom. They are set in the cement of the floors so that an even temperature is maintained at a very reasonable cost and there are no radiators or heaters of any kind visible.

Contractor for the building was C. F. Parker of San Francisco, and the building was designed by the Ernest J. Kump Co., also of San Francisco. This company of school consultants is assisting the local school district in a general survey of the district for the purpose of future planning.

The new unit will be used by the primary grades and will relieve somewhat the present congestion. In a 3-room wing eight classes are now being held beside classes on the stage and one at the high school, but, although it will help, William Henley, principal, says it is only half of what is needed at the present time to say nothing of taking care of further population increases.

When the covered walk is finished the school busses will be routed on Third St., and the busses loaded from this walk, getting away from the heavier traffic on Campbell Ave. —B. A.

Returned Vet Marries

Friends here will be interested to learn of the marriage, Nov. 19 at San Rafael, of Miss Betty Turner, St. Louis, Missouri, and Sgt. Gradie McCorkle, son of Mrs. Edna McCorkle, Central Ave. The sergeant has recently returned to this country after two and one-half years with the 11th Air Force in the Aleutians. The newly-married pair are at present in San Francisco.

McCorkle has three brothers, all in the service, who are well known in Campbell. Clarence McCorkle, a member of the regular Navy, is a radio man 1/c, aboard the USS Bland. Another brother who is also a regular Navy man is a seaman 2/c now stationed on Guam. A third brother, Elmer McCorkle, T/5, is at present in San Francisco.

Miss Reynolds Is Bride

Word has just been received of the marriage of Miss Effie Louise Reynolds of Campbell to Mr. Day Don Gibson of Glendale. The wedding vows were read Dec. 7 in the Presbyterian church at Glendale. Mrs. Gibson was formerly employed at Clarks Drug Store before leaving for the south several weeks ago. Mr. Gibson is employed at Lockheed Aircraft Corporation in Burbank.

Los Gatos Makes Bid For United Nations

Of interest to Campbell residents is the bid made by neighboring Los Gatos for the permanent home of the United Nations. Dr. George G. Bruntz, chairman of a Los Gatos Chamber of Commerce committee, sent the following offer to Edward R. Stetinius Jr., of the Preparatory Commission at London:

"If the question of a permanent home for the United Nations organization has not yet been settled we would like to present the case of Los Gatos, in Santa Clara County, California.

"Los Gatos is situated in the foothills of the famous Santa Cruz Mountains and is just 52 miles south of San Francisco. It is mentioned by the London Lancet as having the best climate in the world, equalled only by the Assouam Dam in Egypt. It is near Stanford university and the famous Hoover Library on War, Peace and Revolution—which would be used extensively by the delegates to, and the staff of, the UNO.

"There is ample room for airports in Los Gatos and there are many beautiful sites available for a permanent home for the UNO as well as homesites for the members of the secretariat staff and members of the Security Council or others needing permanent residence.

"We are only nine miles from the main line of the Southern Pacific railroad and have plenty of bus and rail service. Nearness to San Francisco, Berkeley and Oakland gives us the cultural advantages of large cities and yet the seclusion of a mountain retreat. Furthermore, we are only 21 miles from Santa Cruz, one of the famous beaches on the Pacific Ocean. We have one of the finest golf courses in California and our school system is highly accredited to all colleges and universities.

"It might be of interest to note that the Western Farm Economic Association held its annual meeting in Los Gatos and was so pleased with our city that they are considering making this their regular meeting place.

"The Los Gatos Chamber of Commerce has no large fund available to back up our campaign. We can only invite the Commission's consideration of Los Gatos and urge a personal visit to us if that is possible.

"If there is any particular step we should take to get our community before the Commission, we will be glad to act on your suggestion."

Legion To Present Anderson

In keeping with its educational program, the local American Legion Post will have Congressman Jack Z. Anderson in Campbell on Jan. 9, at which time the veterans will hold another open meeting and invite the public to attend.

An interesting sidelight is that Mr. Anderson was sent a resolution the local Post drew up recently, asking Congress to allot an equal sum to wounded veterans as was allotted for relief of foreign countries. Mr. Anderson was so impressed with the fairness of this request that he had it spread se tenant on the records of Congress and printed in the Congressional Record. Immediately following, with sizeable support, he introduced a bill covering this subject.

Studio Robbed

The Ray and Jay Studio reports the theft of $93 in cash from the studio last week.

Bucs Play Fremont Friday

Two strong teams will represent Fremont High school Friday night when they play the Buccaneers in the local gym. The lightweight fracas will start at 7:30.

Buc stock was at a low ebb after losing practice games to San Jose and Lincoln, but the boys pulled themselves together and soundly dumped Live Oak of Morgan Hill by a 42-9 score. Dewey Kosich led the offensive with 11 points, but only three of the 14 boys who played, failed to score at least one.

The Thirties had a little tougher time getting started, but finished strong with Ray Fish and Don Ervin accounting for 10 points each. The final score was: Campbell 24, Live Oak 20.

At the same time at Sunnyvale the Indians downed the Mt. View varsity, 49-34, after the Eaglettes had won the opener, 25-24.

Both Fremont and Campbell have been given pre-season consideration as being among the top teams in the S. C. V. A. L. this year—now they will meet each other, both undefeated in league competition.

The Bucs are really out to win this game—not only because they want to remain undefeated, but to avenge the upset that the Indians administered last year.

Coach Walt Hill is very pleased with the improvement shown in the last week and he expects both of his teams to come through victoriously. He expects to start Dewey Kosich, Paul Meyer, Lee Estrada, Wayne Buck, and Mervyn Nelson in the varsity game, with Ray Fish, Don Ervin, Bill Magginetti, Vic Corsiglia, and Charley Savestrom comprising the starting lightweight outfit.

Families Reunited

Together for Thanksgiving and the holidays following were four generations of the family of Mrs. Jennie McVea. Her parents, Mr. and Mrs. C. W. Hershey of San Jose, who recently celebrated their 58th wedding anniversary, Mrs. McVea, her children, and her grandchildren, Esther and Jimmy Jancik.

The occasion also marked the first reunion of Mrs. McVea's five children in three and a half years. Present were her son and his wife, Mr. and Mrs. Norman McVea of Bremerton, Wash.; another son, Irvin McVea, R. M. 3/c, USS, whose ship, the USS Allendale, docked in San Francisco Thanksgiving morning; a third son, Raymond McVea, Campbell; two daughters and their husbands, Mr. and Mrs. Millis McKenzie (Hazel McVea) of Oakland, and Mr. and Mrs. Melvin Jancik (Mildred McVea), Salinas. Other guests were Mr. and Mrs. Morrison, Fort Lewis, Wash.; and Mr. Burt Cadman of Long Beach.

Campbell Over the Top

One of the few communities of this size to go over the top in the recent Victory loan drive, Guy Farley reports that Campbell has bought more than its quota of E bonds.

Warren McKenzie Visits

Warren McKenzie of Richmond arrived Sunday for a short visit at the home of his mother, Mrs. Jessie Campbell.

Marine Corps Has Party

The San Jose Detachment of the Marine Corps League held a Christmas party and meeting with forty present at the Sunnyoaks Ave. home of Mr. and Mrs. E. C. Lee last Sunday.

Chamber of Commerce Holds Monthly Meeting

Since a quorum was not present at the monthly Chamber of Commerce meeting, last evening, the business will not be official until passed upon at the next meeting, but those members who were present took up all the pending matters.

Walter Silberbauer, the present vice-president, was elected president for the coming year, and Martin Walsh was re-elected as secretary. The directors will be selected by a nominating committee, who will present them before the rest of the members.

The repairing of the electric signs at both entrances to Campbell is now dependent upon the raising of sufficient funds. About $100 is necessary for this and the Chamber urges all who wish to contribute to do so.

A committee composed of representatives of the Kiwanis Club, the Orchard City Grange, the Chamber of Commerce and the American Legion will proceed with the erection of signs designating times and places of those organizations' meetings.

Herbert M. Shadle, county planning commissioner, brought up the matter of a planned set-back line for Winchester Road and this will be referred to the County Supervisors.

Joseph Gomes, outgoing president, suggested as a project for the coming year the rezoning of a considerable area in order to attract manufacturing and industrial companies to Campbell.

Since there was no report from the fact-finding committee on incorporation that matter was delayed until the January meeting.

New County Council Holds Meeting

The newly - organized Santa Clara County Council on Intergovernmental Relations report that a meeting was held on Nov. 19 to discuss plans for the project, the objectives of which are to remove some of the confusion from the minds of the people regarding the functions of our government to, recommend changes in government structure which will move control over local affairs away from federal and state capitals toward the city and county level and to find methods of eliminating wasteful overlapping of government functions.

A policy of cautious procedure was decided upon, with the director-agent thoroughly familiarizing himself with local government and individuals and organizations interested in supporting the Council and its work. An informative mailing piece will soon be sent to these groups and individuals.

Santa Clara County is one of the six counties selected in the United States for this study which it is hoped will lead toward the correction of the existing inefficiencies of government administration.

Donald Rice Home

Donald Rice, son of Mr. and Mrs. S. G. Rice, Central Ave., received an honorable discharge from the Army at Camp Beale last Thursday after being flown there from Boston where he landed Dec. 3. He is now at home in Campbell with his parents.

A graduate of the Campbell High school in 1941, he entered the Army almost three years ago and has served 20 months of that time overseas in a tank destroyer outfit. Rice, who saw action in France, Holland and Germany was awarded four battle stars, the bronze star and the purple heart.

Crowd Hears Ernie Smith

More than 200 persons availed themselves of the privilege of hearing first hand how a news commentator and sportscaster goes through his tricks when telling the stay-at-homes all about the big game. The American Legion's open meeting in the high school auditorium last Wednesday which featured Ernie Smith, noted sports announcer, who gave an inside picture of the trials and tribulations of a radio announcer and related many of the humorous incidents which had happened to him.

He "demonstrated" how a sports announcer grdually gets more and more excited when the game is thrilling. Noteworthy in his address was his commendation of the local Legion Post for sponsoring the community gathering, bringing out the fact that it was one of the things which the soldiers had fought for.

In the absence of Commander Wilbur Mitchell, who was confined to his home by illness, Vice-Commander Merlin Bohnett took charge of the meeting. Following Mr. Smith's talk, the assemblage was invited to the school gymnasium to see the Lincoln-Campbell basketball game.

At 10 o'clock a small group of legionnaires, with War II veteran guests, adjourned to the Tennessee Inn to enjoy a steak dinner. Occupying places of honor were Mr. Smith, James Dent of the high school and acting commander Bohnett.

Seal Sales Still Slow

With the 39th annual Christmas Seal sale now in its fifth and final week, returns continue to lag behind last year. At the end of the fourth week a total of $27,087.32 has been collected compared with $29,304.32 for the same day of the sale in 1944. The total amount of money raised last year was $38,125.67. Goal for the 1945 sale is $45,000.

The public is urged to make prompt returns for Seals received through the mail. Money raised through the Christmas Seal sale is the sole support of the Santa Clara County Tuberculosis Association which offers free chest X-rays to all adults throughout the county in an effort to find hidden and early cases of tuberculosis. Tuberculosis still kills more persons between the ages of 15 and 45 years of age than any other disease, according to figures recently released from the U. S. Public Health Service. It is a disease of persons who are yet in the prime of life. It can be prevented and it can be cured, yet last year it took the lives of 57,000 U. S. citizens.

Funds are needed to combat a threatened rise in tuberculosis during the post-war years. In addition to paying for an increased county-wide program of X-rays which last year totaled 12,000, money will also pay for public health nursing service so that persons suspected of having tuberculosis may be followed and brought under care and treatment of a doctor. Tuberculin for skin testing is also available to private physicians and educational materials for schools, colleges, and general public. Included are sound films, speakers, poster, exhibits, and pamphlets.

Martin Walsh is serving as the chairman for Campbell.

Fox Coming Here

Cpt. Jack P. Fox is reported to be one his way home to Campbell from Pearl Harbor aboard the USS Kitkun Bay.

The universal joy of Christmas is certainly wonderful. We ring the bells when princes are born, or toll a mournful dirge when great men pass away. Nations have their red-letter days, their carnivals and festivals, but once in the year and only once, the whole world stands still to celebrate the advent of life. Only Jesus of Nazareth claims this world-wide, undying remembrance. You cannot cut Christmas out of the Calendar, nor out of the heart of the world.—Anon.

CHRISTMAS

In this holiday season of 1945 when we have been given a last chance to build a true "peace on earth" we should think of Christmas not in sentimental terms but as a source from which to renew our faith and trust in the meaning of Christmas.

Our hopes for permanent peace will have to be built on love and brotherhood and if, this Christmas, we can feel them within us through the celebration of the legend then we will, as individuals, have done much toward achieving mankind's goal.

It is not enough to be sternly practical, economically and socially; our building of the better world must spring from a true spiritual urge.

FRIEND OF ENLISTED MAN

WASHINGTON.—If there were more men in the army like General Eisenhower, this newsman would not be so swamped with soldier mail.

The other day Sgt. Samuel Cohen of Philadelphia, stationed in Berlin, received a cable telling of a serious emergency at home. Physicians advised his return immediately. Two weeks passed and all Cohen got was the usual army run-around. He couldn't get a furlough. Finally, a friend suggested that Cohen call General "Ike" directly.

"What can I lose?" Cohen asked, going to a telephone.

When he asked the G.I. operator for General Eisenhower, the operator asked with no surprise in his voice whether he should ring the general at his home or his office. Since it was then about 10 o'clock in the evening, Cohen said to try the general's home.

An aide to Eisenhower answered and listened to Cohen's story, excused himself for a few minutes, came back to the telephone and said, "Sergeant, if you will call the office of General Clay, perhaps something can be arranged for you.

"You had better wait about 10 minutes before calling General Clay," he added, "to give General Eisenhower a chance to talk with him first."

Ten minutes later, Cohen called General Clay, where an aide said, "Oh, yes, sergeant, we've been expecting your call. Now can you come in at eight o'clock tomorrow morning? We'll see about transportation then."

Cohen took off by air the next day before noon.

TRUMAN TURNS REPORTER

Congressional leaders who met with President Truman recently to discuss serious legislative problems got a chuckle over Truman's story about his surprise flight to see his mother on her 93rd birthday.

Newspapers have alrady told how Truman called the Kansas City City Star to announce his arrival in Grandview, Mo. But in addition, here is what Truman told his congressional leaders really happened.

It was Sunday afternoon and the usually bustling city room of the Star was in a lull. Only a skeleton editorial force was on the job, and a young reporter answered the phone.

"This is the President," said Truman.

"Who?" said the reporter.

"This is President Truman."

"The hell it is," exclaimed the newsman, convinced that somebody was pulling a practical joke. "Mister, who are you trying to kid?"

Finally the call was transferred to another writer on the paper, who knew Truman personally and could identify his voice. Highly amused, the President told him the news of his visit.

FOGGY FOREIGN POLICY

Harry Hopkins, now hospitalized in New York, is not improving. Always a living skeleton, Harry kept himself alive because of his love of FDR. Now that FDR is gone, Harry has no more zest for work. . . . Sen. Claude Pepper of Florida is returning from a thre-month tour of Europe to blister the administrations handling of foreign policy. Coming on top of Senator Fulbright's two-fisted attack, perhaps somebody around the state department will wake up to the fact that the seeds of World War III can be planted right now. . . . The strategic services unit of the war department (it was formerly the "Oh-so-secret" office of Gen. "Wild Bill" Donovan) has just set up a very interesting project which will not keep the peace. It is working on a "plan for an order of battle for a war with Russia." The job is under direct supervision of Maj. Raymond Cromwell, former Tokyo correspondent for the Wall Street Journal.

It's Time to Light the Tree Again!

☆

A lighted Christmas tree is more than a glitter of tinsel or colorful decoration for holiday parties. It means many things to many people.

☆

To a small child his first Christmas tree is one of Life's great thrills. And through Life it comes to mean good things * * * and rightly should. * To a young couple it provides a cozy, romantic glow, reflecting the glow in their hearts. * To the parent it is symbolic of unselfish sacrifice and the time of the year when Home is best.

☆

But wherever it shines * * * in the family living room, in a small apartment, in a store window or public square * * * the Christmas tree heralds the Christmas spirit.

☆

This year, after four war-darkened Christmases we can light up once again in a sincere hope that the peace and brotherhood of man we fought for can gain new and permanent meaning all over the world.

Among the many attractions coming to the Campbell Theater this week which include "Captain Eddie", the bond premier choice, one of the oustanding billings is Hedy Lamarr and Robert Walker in "Her Highness and the Bellboy".

Richard Connell and Gladys Lehman are credited with the original screenplay which romanticizes a royal princess in her native land, played by Hedy Lamarr, who fails in love with an American newspaperman. She turns up later in democratic America where Robert Walker in the role of a bellhop at the hotel where the princess is staying, become all atwitter at his proximity to blue blood.

When the stardust settles down, everything come out alright; June Allyson gets the bellhop whom she wanted all along, and the princess renounces her throne for the newspaperman.

The second feature is Phyllis Thaxter, the sweetheart in "Thirty Seconds Over Tokyo", and Edmund Gwenn in "Bewitched".

A gala celebration is planned at the theater for New Year's Eve.

It is the belief of Collector Smyth that this is the first time income tax information will be broadcast in foreign languages.

The opening series of foreign language broadcasts, explaining the preparation of income tax returns for farmers and farm laborers, will originate from radio stations in Sacramento, Stockton, Fresno, Merced, Modesto, Salinas, Visalia and Watsonville.

Many a service man's mother, wife, or sweetheart will be gladdened by a Long Distance call on December 24 or 25. Yountville For Natives

"The State Veterans' Home at Yountville, Napa County, is maintained exclusively for the hospitalization and rehabilitation of California war veterans and they cannot be crowded out of it by service men from other States as in the case of facilities operated by the Federal Government. The State Home is the surest guarantee California veterans have that hospital and domiciliary care will be available to them when they need it."

So declared Richard H. Newhall, State Commander of the Veterans' of Foreign Wars, today in a statement directed primarily to California being demobilized after service in World War II.

"California," Newhall continued, "is one of 29 States having State Homes for their own veterans. This fact is not as generally known as it should be and newspapers, the radio and other media will be performing a real service by calling it to public attention at this time. It is especially important that men returning from service in the last war be informed as to the purpose and functions of the Yountville Home.

"Ten years of prior residence in the State is a requirement for membership in the Home. This protects California veterans against the transients and newcomers who already are overtaxing the facilities maintained in this State by the Federal Government. It makes Yountville the one institution where our own ex-servicemen have the right of way and may be sure of obtaining whatever medical, surgical or other care they may need now or in the future.

"Of course any veteran establishing his home in California will be eligible to the benefits of the Home after residing in the State ten years. But in the immediate post-war period only those who lived here before the last war can qualify. They should know this and take advantage of it, particularly in view of the crowded conditions at Federal Institutions."

Newhall said that the State Home already has more than 65 veterans of World War II on its rolls and that the number may be expected to multiply many fold during the next few years.

The California VFW Commander said he had conferred with Colonel Nelson M. Holderman, Commandant of the Home, on plans for an enlargement program which will increase the capacity of the Home from 1350 to 3100 beds to meet post-war demands.

Upon the recommendation of Governor Earl Warren, the State Legislature has appropriated upwards of $1,300,000 for new construction which will include a hospital wing, a convalescent barracks and a new mess hall. Also authorized is a dam for domestic water supply in Rector Canyon at a cost of $1,375,000. Newhall said that contracts have been awarded for the construction of the new mess hall and the Rector Canyon dam with work scheduled to commence immediately.

Income Tax Information

Federal income tax payments on 1945 earnings and the filing of amended estimated declarations normally required by Dec. 15, 1945, have been postponed until Jan. 15, 1946, Acting Collector of Internal Revenue Paul V. Doyle said today in San Francisco.

All persons classed as farmers have until Jan. 15, 1946, to file their original estimated declaration on 1945 earnings.

Statements for fourth quarterly payments will be mailed soon. Persons required to make payments on their 1945 income tax should wait until receiving their tax statement and enclose both statement and check together in making their payment.

DDT Confusion Avoided

Inquiries regarding DDT suggest further explanation is necessary to avoid confusion as to the results to be expected from its use.

Many people seem to think because several million pounds of DDT have already ben used for the control of disease-carrying insects by the Army, Navy and Public Health Service that DDT is proven for use around the house. It must be remembered that most of this DDT was used under the direction of trained personnel employing formulations that had been proven for specific purposes under various conditions. The knowledge of practical uses of DDT insecticides in agriculture and around the home is still far from complete. Experimentation under many varying conditions has been carried on for over a year by the University of California and is still in progress. These experiments included investigations of the possible uses of DDT insecticides against many insect pests on a great variety of crops and animals and in buildings.

The results of these experiments, which in most cases the University consider preliminary small-scale experiments, are already available through the Agricultural Extension Service offices, but the outcome of more extensive tests is still to be determined. For some purposes and under certain conditions the effective and safe use of DDT by civilians at this time is possible as for control of flies in dairies. The Agricultural Extension Service is prepared to cooperate with interested dairymen who wish to assist further by applying DDT in their barns through methods believed to be safe for dairy stock and humans.

This day (Christmas) shall change all griefs and quarrels into love.—Shakespeare.

Holiday Puddings Possible

You may have your holiday pudding in spite of the situation in fats and sugar. Mrs. Winifred Jecker, home demonstration agent, suggests a recipe for a spicy, steamed pudding that is sweetened with molasses and flavored with nuts, currants, citron, and orange juice. Suet is the only shortening. This pudding may be made up in advance like the old fashioned puddings and reheated in a steamer before serving.

There is another recipe with no flavor of molasses, but with plenty of dried fruit, candied peel, and spice to give the flavor. This one uses cider as the liquid.

The home demonstration agent suggests several ways of stretching sugar and shortening in the pudding sauces, too. There's a honey fruit sauce, a custard sauce, and one made of canned peaches.

Pioneers Celebrate Birthdays

At the last Orchard City Grange meeting the birthdays of Mrs. Jessie Campbell and Mrs. C. Sutter, two of Campbell's oldest residents, were celebrated. Mrs. Sutter's birthday was on Dec. 9 and Mrs. Campbell was 83 on Dec. 11, so a joint celebration was in order.

Christmas Guests

Among those who will entertain with family parties on Christmas are Mr. and Mrs. J. B. Collins, who are expecting their son, Jerome deRollins and his family from Santa Monica; a daughter, Miss Jeanette Collins who has been teaching in San Joaquin; another daughter and her husband, Mr. and Mrs. Edgar Pechin with their baby daughter from San Jose.

If you think a pudding is not quite at its best without hard sauce, use the old-fashioned vanilla or lemon sauce, or one of these other sauce recipes. Then serve the pudding with the liquid sauce and a garnish of the hard sauce.

NEIGHBORS

In olden days folk were neighbors,
Living close to each other's heart;
Not a joy, nor sorrow befell one
But each neighbor must bear his part.

The women shared patterns and quilting;
In illness grudged not labor of hours;
Spent in nursing and cooking of dainties,
And sharing their choicest of flowers.

The men loaned their plows and harrows,
Swapped horses, nor showed any greed,
When asked by a weaker neighbor
To share their tools or their seed.

Then to the country's great sorrow
Neighbors grew scarce as a carriage or cart,
Each man became self-sufficient,
Whether in labor, or finance, or art.

Let us pray, now this war is over,
And peace smiles again on our land
That men will again be neighbors,
Walking together hand in hand.

Let us pray we have learned our lesson
That a lonely path is most drear,
That each needs a neighbor beside him
To help him, encourage and cheer.
